Early Learning Center & Kindergarten

St. Louis
CATHOLIC SCHOOL

Where children are valued,
challenged and encouraged to
achieve their highest potential.

St. Louis Catholic School early learning offers a faith-based, classical education, serving pre-schoolers ages 3 through Kindergarten. We are accredited by the North Central Association and have an integrated and challenging curriculum.

We offer a variety of scheduling options and offer aftercare, (before school and after school), as well as tuition assistance for Kindergarten.* We provide a safe and supportive learning environment where children discover, imagine, create, and problem solve. At St. Louis, our goal is to pursue academic excellence while discovering and developing our God-given talents to their fullest to serve Him and others in our community.

Early Learning Center

St. Louis Early Learning Center

is licensed by the State of Colorado to offer a preschool program for 3 - 5 year olds. Our educators come to us with a wealth of prior classroom and preschool experience as well as exceptional credentials in specialized areas. Our team is committed to building literacy, numeracy and social skills appropriate for Early Childhood

while infusing fun and creativity into the program. Educators at St. Louis are also required to have certification in CPR, Universal Precautions, and Safe Environment Training, in order to meet State Standards as well as those

required by the Archdiocese of Denver.

Tucked away in the quiet neighborhoods of Louisville, Colorado, St. Louis School is a safe, nurturing environment where young children grow in mind, body and spirit.

We have a balanced curriculum that includes age-appropriate play with green space and indoor play areas for gross motor development. We offer prayer throughout the school day in each classroom. Emphasis is placed on life skills that Jesus taught.

We offer a healthy, nutritious, and delicious school lunch program, with fresh, quality ingredients prepared daily by our chef.

BALANCED AND CREATIVE CURRICULUM

Based on the standards and procedures of the Archdiocese of Denver, our curriculum addresses developmental goals in the following areas:

- Cognitive
- Language
- Social-Emotional
- Physical
- Literacy
- Mathematics
- Science
- Technology & Spanish**
- Language Acquisition
- Environmental Education
- Music & the Arts

Kindergarten

St. Louis Kindergarten classroom is a special place where your child will learn more than just content standards. Your child will deepen a personal relationship with Jesus Christ through daily prayer and weekly Mass. Kindergartners participate in art, gym, music, computer and Spanish classes, as well as service projects. They develop skills at their own pace through differentiated learning and Leveled Literacy.

St. Louis School uses a variety of learning experiences, such as field trips, library days and technology to enhance our productive curriculum.

*St. Louis has one of the lowest tuition rates in Boulder County. We offer scholarships and tuition assistance for kindergarten-8th grade. Please contact school office for more information.

**Technology and Spanish classes offered in Kindergarten class.
